

NEW MAN

VERSE 1

I heard about a new beginning.
The kind the world would try to hide from
you.
Shedding off all the old confusion,
He gives it freely, makes you shiny and new.
Thinking back on the old conversation,
Put it behind me I'm a new creation and a,
New Man, New Man.

VERSE 2

You're on a path with a new destination.
No variation but a difference in kind.
That old man, well he don't even fit ya,
It's dead and gone, put it out of your mind.
Set a course with a higher elevation,
Far above cause we're a new creation and a,
New Man, New Man.

VERSE 3

I'm waking early saying Thank You Father,
First thing I do before I lift my head.
Throughout the day I put it into operation,
And keep it moving 'til I'm back in bed.
My old problems I can see 'em with new eyes.
No consolation, yeah, this is first prize, it's my,
New Man, New Man.

POWER HOUR

VERSE 1

Someone's out front doing parking.
And there's a greeter at the door.
Everybody's showing early.
Yeah, they're coming back for more.
It just keeps getting sweeter.
With the teaching of God's word.

CHORUS

I'm talking' about the way,
Of abundance and power hour.
Put your big ears on.
With a heart full of meekness,
Strengthens even the strong.
You may even witness,
The first time someone speaks in tongues.

VERSE 2

They come with high expectations,
'cause we're giving them our best.
A quick hug and salutations,
Then they're seated with the rest.
When it comes to what they're learning,
There's some believing going on.

CHORUS

VERSE 3

I'm talking about the power,
For abundant living.
I've got my bible out,
With a heart full of integrity.
I know there is no doubt,
Cause when it comes to what we're learning,
I just want to shout it out.
Yeah, when it comes to what we're learning,
I wanna tell you all about.
I'm talking about the way.

SIT WORKS FOR ME

CHORUS

SIT works for me.
SIT works for me.

VERSE 1

When I face obstacles in life,
I avoid the worry and the strife.
I live my life abundantly,
Because I make a habit to SIT.

CHORUS

VERSE 2

I can manifest God's power,
Any day, time, or hour.
'cause I know it's Christ in me,
So, I SIT abundantly.

CHORUS

VERSE 3

So, if I'm ever in any doubt,
And the need I can't figure out,
I know I can pray perfectly,
That's why I like to SIT.

CHORUS

SUN'S COMIN' UP

CHORUS

Sun's comin' up, it's a brand new day,
loving God our Father in everything we do
and say.
Sun's comin' up, oh the joy the day can
bring,
reading God's Word and thinking it,
speaking it, the song to our heart it sings

VERSE 1

Start the day off with our Heavenly
Father,
for He always knows what lies ahead.
We share a fellowship that's so sweet,
last throughout the day from His Word
that we read.

CHORUS

VERSE 2

Each day holds another challenge,
will you manifest more of God's love to
see.
Will we walk more like our Lord Jesus
Christ,
who always did the will of the Father to
make people free.

CHORUS

VERSE 3

Sun's comin' up and it's shining in our
eyes,
it's great to know God's Word you know
it's great to be alive.
We wouldn't have it any other way,
It's God in Christ in us, we're goin' to let
our lives shine today

CHORUS

CLOSING TAG

Reading God's Word and thinking it,
thinking God's Word and speaking it.
Oh the joy to our hearts God's Word brings.
We love our God!
