

BOSS OF MY THOUGHTS

VERSE 1

Unemployment is up,
The stock market is down,
There's a new disease,
That's going around.
And there's mass confusion,
In the world today,
But it doesn't bother me,
I found a better way.
To live free from doubt, worry, and fear,
God's Word makes my life so clear,
Manifesting the truth I've heard,
Claiming the promises of His Word.

CHORUS

I'm taking charge as I ought,
I'm the boss of my thoughts.

VERSE 2

Now I claim God's power,
And abundance too.
Putting on God's Word,
Is what I do.
And I'm not blown about,
'Cause I stand on the Word.
Growing in strength,
My loins I gird.
My future's bright and on track,
With God's Word I have no lack.
I stay committed to His Word,
It's the greatest thing I've ever heard.

CHRIST IN YOU

VERSE 1

Things were really happening down Jerusalem way,
When Pentecost came on that glorious day,
The Apostles were with one accord in one place,
When they received the holy spirit through God's grace,
And they spoke in tongues so that everyone heard,
The greatness of God's magnified Word,
And the place was shaken,
Like never before.

VERSE 2

Now when this was noised abroad people really got hot,
'Cause they didn't know what these men had got,
But some of the people who were mocking said,
They all drank new wine and it's gone to their head,
But Peter standing up and being very bold,
Taught all the people how this was foretold,
But they that gladly received his Word,
Got born again.

BRIDGE:

Now you might think it's amazing even hard to believe,
That God would give his spirit to those who just believe.
But He wants to give us something bright and new,
It's the brand new birth, it's Christ in you.

CHORUS:

Now it's Christ in you the Hope of Glory,
It's Christ in you the Hope of Glory,
It's Christ in you,
I want to tell the world.

VERSE 3

Now many years later things are still the same,
'Cause all you have to do is just believe on his name,
And you can manifest power from on high,
And then you can really understand why,
You can live your life without any fear,
Day by day and year by year,
Because we all know that it's true,
That it's Christ in you.

CHORUS (twice)

LIVING VICTORIOUSLY

VERSE 1

When I wake in the morning,
Here's what I do.
I speak in tongues; how about you?
I talk to the Father spiritually,
Ever since I got Christ in me.
Living victoriously.
Now I'm living more than abundantly.

VERSE 2

Christ in me, Christ in you,
Christ in the believer, you witnessed to.
Christ was only in one place,
Now it's Christ in you, in the devil's face,
Living victoriously.
Now we're living more than abundantly.
Living victoriously.
Now we're living more than abundantly.
Victoriously
It's Christ In Me
Living Victoriously

MAKIN' IT REAL

VERSE 1

Every day I get to choose,
To win in life or to lose.
I've made God's Word my only guide.
And it's in Him where I abide.
Makin' It Real

VERSE 2

I take God's Word personally,
cause I know He's talking to me.
I am His son spiritually,
He gives to me abundantly.
Makin' It Real

CHORUS

When the Word lives in you.
In all that you say and do.
Your life will be a witness of,
The clear truth of God's love.
Makin' it real
Makin' it real
Makin' it real
Makin' it real

VERSE 3

On God's Word I do rely,
His Word is real and alive.
His Truth is for eternity,
The Rock I stand on daily.
Makin' It Real

VERSE 4

Some people think it's a fantasy,
Living life abundantly.
But it's a promise God has made,
The foundation has been laid.

CHORUS / END
